[^]These recommendations are a starting point, and many factors should come into consideration when a student/ensemble director/instructor choose a piece to perform for solo and ensemble. Also, these YouTube links are suggested recordings to use a reference (there are many more out there!). This list is intended for those music educators who may not have an instructor at hand to get advice. Reach out to me at slowe@arts.ufl.edu if you'd like to discuss FBA Solo and Ensemble repertoire for your bassoon student.
